Such right may be exercised by inserting the name of such person in the blank space provided in such form of proxy.**

If a shareholder is a non-registered shareholder of the Corporation, it may revoke voting instructions which have been given to an intermediary at any time by written notice to the intermediary. If a shareholder is a non-registered shareholder of the Corporation, such shareholder should submit voting instructions to its intermediary or broker in sufficient time to ensure that such shareholder’s votes are received by the Corporation in the manner and to the extent permitted pursuant to the terms of the enclosed form of proxy.

SHAREHOLDER PROPOSALS FOR 2018 ANNUAL MEETING

The Corporation is authorized to issue an unlimited number of Common Shares. As at March 21, 2017, 142,759,326 Common Shares were issued and outstanding. Information as to ownership of the Common Shares has been taken from the list of registered shareholders maintained by CST Trust Company, from a review of publicly filed documents or has been provided by or on behalf of the persons or companies.

ELECTION OF DIRECTORS

The following are the nominees proposed by management of the Corporation for election as directors (the "Directors") of the Corporation. Directors may hold office until the next Annual Meeting of shareholders of the Corporation or until their successors are elected or appointed.

The persons named as proxies in the enclosed form of proxy intend to vote the Common Shares represented by such proxy in favour of the election to the Board of Directors (the "Board") of the nominees whose names are set forth below, unless the shareholder granting this proxy has indicated that his or her shares are to be voted otherwise or are not to be voted in respect of the election of Directors.

On April 23, 2015, the Board adopted a majority voting policy. This means that if a Director receives more "withhold" votes than "for" votes at the annual meeting of shareholders, then the Director will tender his or her resignation to the chairman of the Board. This would be effective if accepted by the Board. The Compensation, Corporate Governance and Nominating Committee ("CCGNC")¹ will consider a Director's offer to resign and make a recommendation to the Board as to whether to accept it. The Board will have 90 days from the annual meeting to make and publicly disclose its decision. This policy does not apply in circumstances involving contested Director elections.

Management does not anticipate that any of the proposed nominees will be unable to serve as a Director. If such becomes the case for any reason whatsoever prior to the Meeting, the persons named as proxies in the enclosed form of proxy reserve the right to vote in favour of any other nominee that management may recommend.

¹ In 2017, the Corporate Governance and Compensation Committee merged with the Nominating Committee to form the CCGNC. Refer to section "Compensation Discussion and Analysis: Merger of Committees" for further details.

COMPENSATION DISCUSSION AND ANALYSIS

Merger of Committees

In the first quarter of 2017, the Board elected to merge its Nominating Committee and Corporate Governance and Compensation Committee to form the CCGNC. Wherever the CCGNC is referenced herein with respect to compensation matters relating to the 2016 financial year, it represents the pre-merger Corporate Governance and Compensation Committee. Likewise, wherever the CCGNC is referenced herein with respect to nominating matters relating to the 2016 financial year, it represents the pre-merger Nominating Committee. The merger did not have any impact on overall roles and responsibilities of the committees which are now under the CCGNC. Refer to the “Corporate Governance” section for further details.

Objective of the Compensation Program

The Corporation is committed to a compensation program that drives business performance, is competitive and seeks to align the interests of executives with the interests of the Corporation’s shareholders. Knight’s approach to compensation, including Named Executive Officer² (“NEO”) compensation, follows three guiding principles:

1. *Compensation aligns with shareholder interests*
 - Long-term incentives vest and pay out over time, encouraging long term shareholder value creation
 - Accordingly, NEO’s compensation is more weighted towards the issuance of stock options
2. *Compensation enables Knight to attract, engage and retain talent*
 - Talented and motivated employees are essential to building Knight’s business
 - Aim to be competitive within the pharmaceutical industry
3. *Compensation rewards performance*
 - Designed to reward employees for high performance toward achieving corporate objectives

Benchmarking

To ensure that the Corporation’s compensation policy is competitive, Knight annually reviews the compensation program and pay levels of other publicly traded pharmaceutical companies. Given Knight’s unique profile and strategy, there is no other Canadian publicly traded pharmaceutical company that is comparable to Knight in terms of revenues, net income, net assets or market capitalization. Therefore, the group of companies used for benchmarking compensation, referred to herein as the “Comparator Group” was selected by senior management based on two key characteristics:

1. Direct or indirect business competitors as they operate within the pharmaceutical or life sciences industries
2. Primary competitors of talent as Knight and the Comparator Group compete from the same pool of human resources

The Comparator Group was approved by the CCGNC as an appropriate means of benchmarking executive compensation for the 2016 financial year.

² Refers to the CEO, the CFO and in addition, the three most highly compensated executive officers or individuals acting in a similar capacity

The Comparator Group for the 2016 financial year was as follows:

Comparator Group
Acerus Pharmaceuticals Corporation
Aeterna Zentaris Inc.
BioSyent Inc.
Cardiome Pharma Corp.
Cipher Pharmaceuticals Inc.
Concordia Healthcare Corp.
Merus Labs International
ProMetic Life Sciences Inc.
Tribute Pharmaceuticals Canada (now Aralez Pharmaceuticals Inc.)

Components of 2016 Compensation

The compensation of NEOs consists primarily of three components: base salary, annual bonus and participation in the Corporation’s stock option plan. In addition, NEOs may participate in the Corporation’s employee stock purchase plan (“ESPP”) and Registered Retirement Savings Plan (“RRSP”) matching program on the same terms and conditions as other employees. Knight regularly reviews these components to ensure they align with the three above-mentioned guiding principles and market practices. The graphs below outline the actual compensation mix for the NEOs for the 2016 financial year:

Notes

- The Corporation’s President, Samira Sakhia, joined Knight mid-year (August 31, 2016), as such, her compensation was omitted from the chart above
- Amounts received under the ESPP and RRSP matching represent 1% or less of NEO compensation and is not included in the charts above
- Includes option-based awards granted to NEOs on December 16, 2015 (reflected as 2015 compensation in the Summary Compensation Table below) as this compensation was granted to NEOs in respect of the 2016 financial year

Rationale for each Component and Determination of Amounts

The compensation policies and guidelines for the NEOs are recommended by the CEO, approved by the CCGNC and in the case of the Corporation’s CEO, CFO, President, and VP, Business Development, approved by the Board. The CCGNC oversees and reviews the individual components as well as the overall compensation of the Corporation’s senior executives on an annual basis. The CCGNC is composed of the following independent Directors: James C. Gale, Robert N. Lande and Sylvie Tendler³. All members of the CCGNC have extensive executive management experience in the pharmaceutical industry that is relevant to their roles and that enables the CCGNC to adequately make decisions on the suitability of the Corporation’s compensation policies and practices. Following a review of the CCGNC’s recommendations, the Board approves the compensation of each senior executive on annual basis.

³ Prior to the merger that led to the formation of the CCGNC on March 2, 2017, the members of the Corporate Governance and Compensation Committee were James C. Gale and Robert N. Lande

Base Salary

The objective of the base salary component of NEO compensation is to attract and retain highly qualified executives necessary for the Corporation's long-term success. Base salary levels for NEO's are established based on several factors including experience, responsibility relative to other positions in the Corporation, performance of the Corporation and competitive market conditions. Knight reviews base salaries annually and generally grants an increase when an executive assumes increased responsibilities or significantly deepens knowledge and expertise. Furthermore, an adjustment to the base salary may be made when there is a material change in the compensation levels for comparable roles in the Comparator Group.

Long Term Incentive: Stock Options

The Corporation has a stock option plan (the "**Legacy Option Plan**") and is proposing to adopt a new option plan to replace the Legacy Option Plan, as further described in this Circular (the "**2017 Option Plan**" and together with the Legacy Option Plan, the "**Option Plans**"). The Legacy Option Plan was developed by the Board along with the assistance of the CEO and the CFO of the Corporation. The 2017 Option Plan was developed by the Board along with the assistance of the CEO, President and the CFO of the Corporation. The role of the Board included market research, plan design, list of participants and size of grants. The role of the CEO, President and CFO related to the financial and accounting aspects of the Option Plans and option grants thereunder. Stock options under the Option Plans are generally granted to NEOs and other employees, at the discretion of the Board, upon initial employment and annually to sustain a commitment to long-term profitability.

The key features of the long term incentive compensation are as follow:

Long Term Incentive: Key Changes to 2017 NEO Stock Options Grants

For the 2017 financial year, the Corporation adopted the following key changes related to stock options granted to NEOs on March 21, 2017:

1. **Vesting Period:** Stock options vest 25% annually on the anniversary date of the grant with no performance vesting condition attached due to infancy stage of Knight's business;
2. **Expiry Date:** Stock options will expire 10 years following grant date; and,
3. **Number of options granted:** Total value of option-based compensation determined based on a benchmarking process relative to the Comparator Group. The number of options granted is variable and depends on the Black-Scholes value per option prior to the grant.

Refer to section "Options granted for 2017 financial year" below for further details on the value and number of options granted for the 2017 financial year under this new approach.

ESPP and RRSP Matching

Permanent employees of the Corporation are eligible to participate in the ESPP and RRSP matching program as part of Knight's compensation program. Rights under the ESPP are granted in accordance with the ESPP described below under the Section "Employee Share Purchase Plan". In addition, Knight matches up to 4% of employees' contributions to their RRSPs conditional on the employees' continued employment with the Corporation for a period of two years following the contribution date.

CEO Compensation

A critical function of the CCGNC is to monitor and assess the CEO's performance and to recommend his compensation to the Board for approval. The Board supports the principle that CEO compensation should be directly related to the overall current performance of the Corporation and its potential for continued future growth. As such, in determining recommendations for CEO's total compensation, the CCGNC considers the absolute and relative performance of the Corporation as well as the CEO's total compensation relative to that of equivalent roles within the Comparator Group. The CCGNC reviews this information along with the performance of the CEO individually when recommending the CEO's salary and annual incentives for a given year. The following are the key characteristics of the CEO's compensation program for the 2016 financial year:

Base salary

- Annual salary of \$300,000
- Salary falls between the 25th percentile and the median of Comparator Group CEOs

Short Term Incentive: Annual Bonus

- Target bonus equal to 37.5% of base salary or \$112,500
- Target percentage falls between the 25th percentile and the median of Comparator Group CEOs
- Board approved an annual bonus equal to 100% of the target bonus percentage in 2016

Long-Term Incentive: Stock Options

PERFORMANCE GRAPH

The performance graph below compares the cumulative total shareholder return for \$100 invested in the Common Shares of the Corporation on March 3, 2014 up to March 1, 2017, with that of the S&P/TSX Composite Index and S&P/TSX Health Care Index.

On February 28, 2014, the Common Shares were listed on the TSX Venture Exchange (“TSX-V”) under the trading symbol GUD. From March 3, 2014 until April 28, 2014, the Common Shares were posted for trading on the TSX-V. On April 29, 2014, the Corporation was listed for trading on the TSX under the trading symbol GUD and de-listed from the TSX-V. The graph shows that the total shareholder return for the Corporation has grown by 181%, versus 10% for the S&P/TSX index and 6% for the S&P/TSX Health Care Index for the same period. Given the early stage of the Corporation’s development, the trend on the Corporation’s compensation to the NEOs is not correlated with the trend in the performance graph.

COMPENSATION OF DIRECTORS

The GCNCC ensures that Knight's Board is comprised of members with the relevant skill set and experience to provide effective guidance and oversight on management. On an annual basis, Knight's management recommends the compensation of the Directors to the CCGNC which upon agreement will obtain final approval from the Board. A key feature of the compensation of Directors includes the issuance of stock options which effectively align the interests of the Directors with those of Knight's shareholders. For the 2016 year, Directors' cash compensation was switched from a "per meeting" basis to a fixed retainer fee basis to reduce the administrative burden of the compensation program, without materially altering the aggregate compensation earned by Directors.

On February 14, 2017, Ed Schutter resigned from the Board of Directors and the CCGNC. Subsequently, Dr. Sarit Assouline was appointed as a member of the Board and Sylvie Tandler was appointed as a member of the Audit Committee and the CCGNC.

During the 2016 financial year, non-independent directors did not receive any form of compensation for being members of the Board. The compensation of independent Directors during the 2016 financial year was as follows:

- \$3,125 per member of Audit Committee (\$3,750 for committee chair)
- \$1,250 per member of Corporate Governance and Compensation Committee (\$1,500 for committee chair)
- \$625 per member of Nominating Committee (\$750 for committee chair)
- Total cash compensation of \$71,325 was earned by independent Directors
- The average fees earned by the independent directors is below the 25th percentile of the Comparator Group's director cash compensation

3. **Expiry Date:** Stock options expire 10 years following grant date; and,

Stock Option Plans

Legacy Option Plan

The Legacy Option Plan is a rolling stock option plan that sets the number of Common Shares issuable thereunder at up to a maximum of 10% of the Common Shares issued and outstanding at the time of any grant under the Option Plan. As at March 21, 2017, there were 3,519,981 options issued and outstanding under the Legacy Option Plan (representing 2.5% of the total number of outstanding Common Shares as at the same date). As at March 21, 2017, there were 10,755,952 options to purchase Common Shares remaining available for future grants (representing 7.5% of the currently issued and outstanding Common Shares).

Under the Legacy Option Plan, stock options to purchase Common Shares may be granted from time to time to directors, senior officers, key employees and service providers of the Corporation and its affiliates and to eligible charitable organizations in order to incentivize and sustain a commitment to long-term profitability and to maximize shareholder value. Grants of stock options are based on a variety of factors, such as the need to attract or retain the individual, competitive market conditions and internal equity, among other things. The amounts and terms of outstanding options are taken into account when determining whether and how many new option grants are made. In addition, consideration is given to the performance of past option grants including whether options are forfeited without being exercised due to the exercise price being above the market price. The Legacy Option Plan is administered by the Board and the CCGNC.

The aggregate number of Common Shares issuable pursuant to the Legacy Option Plan may not exceed 10% of the Corporation's issued and outstanding Common Shares at the time of any particular grant. The aggregate number of Common Shares reserved for issuance pursuant to options granted to insiders of the Corporation at any given time, or within a 12-month period, may not exceed 10% of the issued and outstanding Common Shares on a non-diluted basis, unless "Disinterested Shareholder Approval" (as defined below) is obtained. The aggregate number of Common Shares reserved for issuance pursuant to options granted to any one person or entity within any 12-month period may not exceed 5% of the issued and outstanding Common Shares on a non-diluted basis, unless Disinterested Shareholder Approval is obtained. "Disinterested Shareholder Approval" means approval by a majority of the votes cast by all of the shareholders of the Corporation at a duly constituted shareholders' meeting, excluding votes attached to shares beneficially owned by insiders of the Corporation to whom options may be granted under the Legacy Option Plan and their associates. In addition, the aggregate number of options granted and outstanding to eligible charitable organizations may not at any time exceed 1% of the issued and outstanding Common Shares, as calculated immediately subsequent to the grant of any options to eligible charitable organizations.

Under the terms of the Legacy Option Plan, the CCGNC may establish the exercise price of an option at the time each option is granted provided that the exercise price shall not be less than the minimum prevailing price permitted by the rules of the TSX.

All options granted under the Legacy Option Plan are to be granted under agreements which provide that the options may be exercised over a maximum term of 10 years (subject to an extension of the scheduled expiry date for a further 10 business days if the option would otherwise expire during a blackout period) and such options are personal to the optionee and are non-assignable. An option granted to a director who is not an employee terminates on the earliest of: (a) if such director is removed or is not re-elected, the date that such director is removed or is not re-elected as a director, or (b) if such director resigns, the date that is the earlier of (i) the expiry date of the option and (ii) the date that is 30 days after the effective date of such director's resignation. The right to exercise the options granted under any agreements terminate immediately upon the termination of employment of the optionee (including termination of employment of the optionee for cause) unless, before the expiry of an option, the employment of an optionee has been terminated for any reason whatsoever (other than (a) termination by the Corporation for cause, (b) death, or (c) retirement), in which case such option may be exercised, to the extent vested and unexercised at the date such employment ceased and, subject to the terms of the Legacy Option Plan, at any time within 30 days following the day when the optionee ceased to be employed but in no event after the expiry of the option, and any such option expires and terminates to the extent that it remains unvested or unexercised at the end of such

period. If, before the expiry of an option, the employment of the optionee has terminated by reason of retirement, such option may be exercised by the optionee, to the extent vested and unexercised at the date such employment ceased and, subject to the terms of the Legacy Option Plan, at any time within the 30 days following the day when the optionee ceased to be employed but in no event after the expiry of the option, and any such option expires and terminates to the extent that it remains unvested or unexercised at the end of such period. If, before the expiry of an option, the employment of the optionee has terminated by reason of death, such option may be exercised by the legal personal representatives, heirs, executors or administrators of the optionee, to the extent vested and unexercised at the date such employment ceased and, subject to the terms of the Legacy Option Plan, at any time within the six months following the death of the optionee but in no event after the expiry of the option, and any such option expires and terminates to the extent that it remains unvested or unexercised at the end of such period. Generally, options vest equally on an annual basis over a period of three to four years for employees and executives and over a period of one year for directors, or at such other times and on such other terms as the CCGNC may determine and the Board of Directors may approve in their discretion.

The CCGNC may amend or terminate the Legacy Option Plan at any time if and when it is deemed advisable, in its absolute discretion, provided, however that no such amendment or termination may adversely affect any outstanding options granted under the Legacy Option Plan without the consent of the affected optionees. Any amendment to the Legacy Option Plan is also subject to acceptance of such amendment for filing by TSX, and, where required by TSX, the approval of the shareholders of the Corporation. By its current terms, the Legacy Option Plan and any option granted thereunder may be amended by the Board of Directors without the consent of the shareholders generally to: (a) fix typographical errors; and (b) clarify existing provisions of the Legacy Option Plan that do not have the effect of altering the scope, nature and intent of such provisions. In addition to such amendments as may require shareholder approval under applicable laws, the amendments to any of the following provisions of the Legacy Option Plan may be subject to shareholder approval: (a) persons eligible to be granted options under the Legacy Option Plan; (b) the maximum number or percentage, as the case may be, of Common Shares that may be reserved under the Legacy Option Plan for issuance pursuant to the exercise of stock options; (c) the limitations under the Legacy Option Plan on the number of options that may be granted to any one person or any category of persons (such as, for example, insiders of the Corporation); (d) the method for determining the exercise price of options; (e) the maximum term of options; and (f) the expiry and termination provisions applicable to options.

The CCGNC may amend any outstanding option granted under the Legacy Option Plan with the consent of the affected optionee(s) and TSX, if required, subject to the following conditions: (a) if the optionee is an insider of the Corporation at the time of the amendment, the Corporation may be required to obtain Disinterested Shareholder Approval, unless the amendment relates to extending the length of the term of the option; (b) where an amendment is made to reduce the exercise price of an outstanding option, (i) if the exercise price is reduced to less than the discounted market price, the four-month hold period commencing on the grant date of such option shall apply from the date of amendment and (ii) at least six months shall have elapsed since the later of (A) the commencement of the term of the option; and (B) the date the option exercise price was last amended; and (c) if the length of the exercise period of any option is extended, any such extension shall be treated as a grant of a new option and must comply with the pricing and other requirements of the TSX and the option must have been outstanding for at least one year prior to the extension of the exercise period.

Under the terms of the Legacy Option Plan, options do not automatically vest upon the occurrence of a change of control. Rather, the Legacy Option Plan provides that upon the occurrence of a "Change of Control" or if a take-over bid is made for any or all of the outstanding Common Shares, the Board of Directors may, in its sole and absolute discretion and if permitted by applicable securities laws, determine by resolution that all outstanding options shall immediately become exercisable in full by the holders thereof, notwithstanding any vesting provisions or other restrictions or conditions that would otherwise attach to such options, provided, however that the expiry date of any outstanding option may not be extended beyond the 10-year maximum term. A "Change of Control" means either of the following: (a) a consolidation, merger, amalgamation, arrangement or other reorganization or acquisition involving the Corporation or any of its affiliates and another corporation or entity, as a result of which the holders of Common Shares prior to the completion of the transaction hold less than 50% of the outstanding shares or interests of the successor entity after completion of the transaction; (b) the sale, lease, exchange or other disposition, in a single transaction or a series of related transactions, of assets, rights or property of the Corporation and/or any of its subsidiaries which have an aggregate book value greater than 50% of the book value of the assets, rights and property of the Corporation and its subsidiaries on a consolidated basis to any other person or entity, other than a disposition to a wholly-owned subsidiary of the Corporation in the course of a reorganization of the assets of the Corporation and its subsidiaries; (c) a resolution is adopted to wind up, dissolve or liquidate the Corporation; (d) any person, entity or

group of persons or entities acting jointly or in concert, other than an insider of the Corporation (an “Acquiror”) acquires, or acquires control of (including, without limitation, the right to vote or direct the voting of) voting securities of the Corporation which, when added to the voting securities owned of record or beneficially by the Acquiror or which the Acquiror has the right to vote or in respect of which the Acquiror has the right to direct the voting, would entitle the Acquiror (or its associates or affiliates) to cast or to direct the casting of 50% or more of the votes attached to all of the Corporation’s outstanding voting securities which may be cast to elect directors of the Corporation or the successor corporation (regardless of whether a meeting has been called to elect directors); (e) as a result of in connection with: (i) a contested election of directors; (ii) a consolidation, merger, amalgamation, arrangement or other reorganization or acquisition involving the Corporation or any of its affiliates and another corporation or entity, the nominees named in the most recent management information circular of the Corporation for election to the Board of Directors shall not constitute a majority of the Board of Directors; or (f) the Board of Directors adopts a resolution to the effect that a Change of Control has occurred or is imminent.

In the event that the 2017 Option Plan is approved at the Meeting, it shall replace and supersede the Legacy Option Plan. If approved, subject to the terms set forth in the specific option grant agreements in respect of outstanding options, going forward, the options will be governed by the terms and conditions of the 2017 Option Plan.

2017 Option Plan

On March 21, 2017, the Board adopted a new stock option plan (the “**2017 Option Plan**”) for directors, employees and consultants. The adoption of the 2017 Option Plan is conditional on shareholder approval at the Meeting. If approved, the 2017 Option Plan will replace and supersede the Legacy Option Plan, and no new options will thereafter be able to be granted under the Legacy Option Plan.

Pursuant to the 2017 Option Plan, the Corporation may grant options (“**Options**”) for the purchase of common shares to any employee, director or consultant of the Corporation or any of its affiliates (each, an “**Optionee**”). Consistent with the Legacy Plan, the purpose of the 2017 Option Plan is to attract, retain and reward individuals who are expected to contribute significantly to the success of the Corporation and its affiliates, to incentivize such individuals to perform at the highest level, to strengthen the mutuality of interests between such individuals and the Corporation and, in general, to further the best interests of the Corporation and its shareholders. The number of common shares available for issuance under the 2017 Option Plan shall not exceed 10% of the common shares issued and outstanding from time to time, subject to the “evergreen” features of the 2017 Option Plan described below and the ability of the Board to make appropriate adjustments under the anti-dilution provisions of the 2017 Option Plan. The maximum number of common shares issuable to insiders at any time under the 2017 Option Plan and all other security based compensation arrangements of the Corporation is 10% of the Corporation’s total issued and outstanding common shares, and the number of common shares issued to insiders within any one-year period under the 2017 Option Plan and all other security based compensation arrangements of the Corporation may not exceed 10% of the issued and outstanding common shares of the Corporation. Moreover, the annual grant value of Options to any one Director that is not an employee of the Corporation may not be in excess of \$100,000. As at the date hereof and taking into account the number of common shares subject to outstanding options under the Legacy Option Plan, the total number of common shares presently available for grant under the 2017 Option Plan will be 10,755,952. Every three years after March 21, 2017, all unallocated Options under the 2017 Option Plan will be submitted for approval to the Board and thereafter the shareholders of the Corporation.

Any common shares that are subject to an Option or an option granted under any other security based compensation arrangement of the Corporation that has been exercised, expired, cancelled, forfeited or are otherwise terminated, will again become available for grant under the 2017 Option Plan. As a result of the features described above in this paragraph, the 2017 Option Plan is considered to be an “evergreen” plan.

To the extent permitted by applicable law, the Board may, from time to time, delegate to a committee (the “**Committee**”) of the Board all or any of the powers conferred on the Board under the 2017 Option Plan. The exercise price of the Options is fixed by the Board at the grant date and may not be less than the closing price of the Common Shares on the TSX on the trading day immediately preceding the date of the grant. The exercise price of the Options is stated and payable in Canadian dollars. Options vest at the discretion of the Committee. In the event that no specific determination is made by the Committee with respect to the vesting of any particular Options, all Options shall vest in equal tranches of 25% per annum on each anniversary of grant. Options granted under the 2017 Option Plan may have a term of up to 10 years (subject to an extension

of the scheduled expiry date in the event the option would otherwise expire during a blackout period), such extension not to exceed ten business days following the expiration of such blackout period).

Options granted under the 2017 Option Plan are not transferable or assignable, other than in the case of death as set out in the 2017 Option Plan. The 2017 Option Plan allows for the cashless exercise of Options at the sole discretion of the Committee and in such manner and subject to such terms and conditions as the Committee may deem appropriate.

Unless otherwise permitted by the Board, any Options granted under the 2017 Option Plan shall terminate and shall cease to be exercisable in the following circumstances: (a) in the case of an Optionee who is an officer, employee, or consultant of the Corporation or of an affiliate of the Corporation that is terminated for "Serious Reason", all Options granted to such Optionee, whether vested or unvested, shall immediately terminate and cease to be exercisable on the effective date of such Optionee's Termination. "Serious Reason" means any act or failure to act by the Optionee constituting a "serious reason" under Article 2094 of the Quebec Civil Code; (b) in the case of an Optionee who is an officer, employee, or consultant of the Corporation or of an affiliate of the Corporation that is terminated for "Cause", such Optionee may exercise any Option, to the extent that such Option was exercisable and had vested on the date of termination, until the date that is the earlier of (i) the expiry date of the Option and (ii) the date that is 30 days after the effective date of such Optionee's termination. "Cause" means a determination by senior management in respect an Optionee, or by the Board in respect of an Optionee that is part of senior management, as the case may be, to terminate an Optionee due to such Optionee's underperformance but which does not constitute Serious Reason as defined above; (c) in the case of an Optionee who is an officer, employee, or consultant of the Corporation or of an affiliate of the Corporation that is terminated for any reason other than Serious Reason, Cause, retirement or death, such Optionee may exercise any Option granted under the 2017 Option Plan, to the extent that such Option was exercisable and had vested (i) on the date of termination or (ii) would have vested within 90 days after the date of such termination, until the date that is the earlier of (1) the expiry date of the Option and (2) the date that is 30 days after the effective date of such Optionee's termination; (d) in the case of an Optionee who is a Director of the Corporation or of an affiliate of the Corporation, such Optionee, is removed or is not re-elected as a Director of the Corporation or of an affiliate of the Corporation, all Options granted to such Optionee, whether vested or unvested, shall immediately terminate and cease to be exercisable on the effective date of such Optionee's removal or failure to be re-elected; (e) the case of an Optionee who is a Director of the Corporation or of an affiliate of the Corporation, such Optionee resigns as a Director of the Corporation or of an affiliate of the Corporation, in which case such Optionee may exercise any Option, to the extent that such Option was exercisable and had vested on the date of resignation, until the date that is the earlier of (i) the expiry date of the Option and (ii) the date that is 30 days after the effective date of such Optionee's resignation; (f) in the case of an Optionee who is an officer, employee or consultant of the Corporation or of an affiliate of the Corporation and such Optionee retires, such Optionee may exercise any Option, to the extent that such Option was exercisable and had vested on the date of retirement, until the date that is the earlier of (i) the expiry date of the Option and (ii) the date that is 30 days after the effective date of such Optionee's retirement; or (g) in the case of an Optionee that dies, such Optionee's legal personal representatives, heirs, executors or administrators may exercise any Option, to the extent that such Option was exercisable and had vested on the date of death, until the date that is the earlier of (i) the expiry date of the Option and (ii) the date that is six months after the date of death.

In the event of a "change of control" of the Corporation, the Board may, in its discretion, permit and authorize the accelerated vesting and early exercise of all or any portion of the then outstanding Options in connection with the completion of such change of control. Subject to the foregoing, all rights of the Optionees to exercise any outstanding Options, whether vested or unvested, shall terminate and all such Options shall immediately expire and cease to have any further force or effect, upon and subject to the completion of the relevant change of control. "Change of Control" means any amalgamation, merger or consolidation with any other corporation (otherwise than pursuant to an internal corporate reorganization that would not affect control of the Corporation) or liquidation, dissolution or winding-up, or any sale or conveyance of all or substantially all of the property or assets of the Corporation or any proposed offer to acquire all of the outstanding Shares or any other proposed transaction involving the Corporation having similar effect.

The 2017 Option Plan specifies the types of amendments to the provisions of the 2017 Option Plan and any Option granted thereunder that will and will not require the approval of shareholders in order to be effective. By its terms, the 2017 Option Plan and any Option granted thereunder may be amended by the Board without the consent of shareholders generally to: (i) ensure continuing compliance with applicable laws, regulations, requirements, rules or policies of any governmental or regulatory authority or stock exchange; (ii) amendments of a "housekeeping" nature, including amendments relating to the

administration of the 2017 Option Plan or to eliminate any ambiguity or correct or supplement any provision therein which may be incorrect or incompatible with any other provision thereof; (iii) change the vesting and exercise provisions of the 2017 Option Plan or any Option in a manner which does not entail an extension beyond the originally scheduled expiry date for any applicable Option, including to provide for accelerated vesting and early exercise of any Options deemed necessary or advisable in the Board's discretion; (iv) change the termination provisions of the 2017 Option Plan or any Option which, in the case of an Option, does not entail an extension beyond an Option's originally scheduled expiry date; (v) change the provisions on transferability of Options for normal estate settlement purposes; (vi) change the process by which a Holder who wishes to exercise his or her Option can do so, including the required form of payment for the Common Shares being purchased, the form of exercise notice and the place where such payments and notices must be delivered; and (vii) add a conditional exercise feature which would give participants the ability to conditionally exercise in certain circumstances determined by the Board in its discretion, at any time up to a date determined by the Board in its discretion, all or a portion of those Options granted to such participants which are then vested and exercisable in accordance with their terms, as well as any unvested Options which the Board has determined shall be immediately vested and exercisable in such circumstances.

In addition to such amendments as may require shareholder approval under applicable laws, the approval of shareholders will generally be required for the following amendments, in each case unless the amendment results from the application of the anti-dilution provisions of the 2017 Option Plan: (i) any amendment to the amendment provisions of the 2017 Option Plan which is not an amendment within the nature of paragraphs (i) or (ii) in the preceding paragraph requiring the approval of the Board only; (ii) any amendment to increase the maximum number of common shares issuable under the 2017 Option Plan; (iii) any amendment that would reduce the option price of an outstanding Option (including a cancellation and reissue of an Option constituting a reduction in the option price) or extension of the period during which an Option may be exercised; (iv) any amendment to remove or exceed the plan limits described herein; (v) any amendment to expand the eligibility criteria under the 2017 Option Plan; and (vi) any amendment to the provisions of the 2017 Option Plan that would permit Options to be transferred or assigned other than for normal estate settlement purposes.

Employee Share Purchase Plan (ESPP)

The Corporation has in place an ESPP for the benefit of permanent employees and members of the Board, as designated by the Board or any appropriate committee thereof to purchase Common Shares to a maximum of 1% of the Common Shares issued and outstanding from time to time. As at March 21, 2017, there were 31,659 shares issued under the ESPP (representing 0.02% of total number of outstanding Common Shares) leaving 1,395,934 shares available for future purchase. Enrolments are allowed four times per year and employees can subscribe after three months of employment.

The ESPP provides that the subscription price per share for shares which are the subject of any purchase under the ESPP shall be the lower of i) the weighted trading average price of the Common Shares for the 5 trading days immediately preceding the applicable purchase date or ii) or the price at which the Corporation has agreed to sell Common Shares pursuant to a short form prospectus under applicable Canadian securities laws in the thirty (30) day period preceding the applicable purchase date; ("**Market Price**"). The Corporation shall contribute an amount equal to 25% of the contributions made by participants towards the purchase of Common Shares pursuant to the ESPP, subject to certain conditions (the "**Corporate Contribution Amount**"). Employees under the plan receive at least the number of shares that such employees would have received had the Corporation contributed on the date of the employee's contribution. As such, if the Market Price of the Common Shares on the date of the Corporation's contribution is higher than on the date the participant contributed, the Corporation will contribute such amount that is sufficient to purchase 25% of the number of Common Shares purchased by the participant during the relevant contribution period. Conversely, if the Market Price of the Common Shares on the date of the Corporation's contribution is lower than on the date the participant contributed, the Corporation will contribute such amount that is 25% of the amount that was contributed for the relevant contribution period by the participant. No Common Shares will be purchased on behalf of a participating employee under the ESPP if such purchase could result, at any time, in (a) the issuance to insiders, within a one-year period, of a number of Common Shares exceeding 10% of the issued and outstanding Common Shares; or (b) the issuance to any one insider and such insider's associates, within a one-year period, of a number of Common Shares exceeding 5% of the issued and outstanding Common Shares. In addition, the maximum number of Common Shares issuable to insiders at any time under the ESPP and any other share compensation arrangements shall be 10% of the outstanding Common Shares of the Corporation. The ESPP limits the yearly participation amount at 10% of the employee's annual income. For non-independent members of the Board, the yearly participation amount cannot exceed \$10,000. Rights under the ESPP are non-assignable.

In the event that a participant, while remaining an employee, is no longer being paid by the Corporation due to an authorized period of absence, the contributions of such participant will be suspended until the participant resumes employment with the Corporation. In the event of the death or termination of employment of a participant and in the event a participant ceases to be a participant, participation in the ESPP will automatically terminate and the plan administrator will, unless otherwise instructed, remit to the estate of the deceased participant, to the participant or to the former participant, as the case may be, a certificate representing the number of whole Common Shares standing to the credit of such participant or former participant.

The Board may amend or modify the ESPP at any time without the consent of the participants, provided, however, that such amendment shall (a) subject to certain exceptions, not adversely alter or impair any ESPP Common Shares; (b) be subject to any regulatory approvals including, where required, the approval of the TSX; and (c) be subject to shareholder approval, where required by law or the requirements of the TSX, provided that shareholder approval shall not be required for the following amendments and the Board may make any changes which may include but are not limited to (i) amendments of a "housekeeping" nature, such as those of a typographical, clerical or grammatical nature; (ii) the addition of a form of financial assistance and any amendment to a financial assistance provision which is adopted; and (iii) a change to the eligible participants of the ESPP. Any suspension, termination, material amendment or material modification to the ESPP (including an increase in the maximum number of Common Shares issuable under the ESPP) or a reduction in the Market Price of a Common Share (other than for standard anti-dilution purposes), shall be approved by the holders of a majority of the Common Shares present and voting in person or by proxy at a meeting of shareholders of the Corporation. In addition to the foregoing, any material amendment to an entitlement granted under the ESPP to an insider or an associate of an insider, including a change in the Market Price, shall be approved by a majority of votes cast at a meeting of shareholders, other than votes attaching to shares beneficially owned by participants or former participants. In the event that an amendment is made, other than on a non-isolated basis, to an entitlement under the ESPP granted to a non-insider, the approval of a majority of votes cast at a meeting of shareholders shall be obtained only if required by the TSX.

At the 2015 Meeting, the shareholders voted in favour of an ordinary resolution proposed by the Corporation to amend the ESPP to provide for the following:

- to change the maximum number of common shares reserved for issuance thereunder from a maximum of 200,000 Common Shares to a maximum of 1% of the Common Shares issued and outstanding from time to time;
- to reflect the listing of the Common Shares on the TSX rather than on the TSX Venture Exchange;
- to extend the time periods under which shares may be subscribed for and purchased under the ESPP in circumstances where such delays fall within the Corporation's blackout period;
- to remove the discretion of the Board and the Committee to allow a participant to change the amount of or terminate his or her contributions, other than in accordance with the terms of the ESPP; and
- other clerical changes of a housekeeping nature.

The effective interest rate on the Loans for the 2016 financial year was 1%. The Loans must be repaid at the earlier of when the Borrowers sell their respective underlying shares or within 90 days following the termination of the Borrowers' employment with the Corporation. The Loans are secured against the securities purchased. Recourse against the respective Borrowers' assets, other than the underlying shares, is limited to 50% of the indebtedness, plus any unpaid interest.

DIRECTORS' AND OFFICERS' LIABILITY INSURANCE

The Corporation has liability insurance for its directors and officers. The aggregate annual premium for that insurance is \$57,000 no part of which is payable by the directors and officers of the Corporation. The insurance coverage under the policy for each loss is limited to \$10,000,000 for each policy year. The policy provides for a \$50,000 deductible for any claim made by the Corporation and there shall be no deductible for any claim made by a director or officer.

CORPORATE GOVERNANCE

The Board and executive officers of the Corporation regard good corporate governance practices as being of the highest importance.

The Board monitors the changes made to corporate governance practices and regulatory requirements. Under National Instrument 58-101 - *Disclosure of Corporate Governance Practices* (“**NI 58-101**”) and National Policy 58-201 - *Corporate Governance Guidelines* (“**NP 58-201**”), the Corporation is required to disclose certain information regarding its corporate governance practices. The comments of the Board regarding compliance with such policies can be found in Schedule “A” to this Information Circular.

In addition to the information set forth in Schedule “A” to this Information Circular, the following sets forth certain information regarding the Committees of the Board. The Board has established an Audit Committee and a Compensation Corporate Governance and Nominating Committee.

Audit Committee

The Audit Committee is presently comprised of three independent directors. In the 2016 year, the members of the Audit Committee were Robert N. Lande, James C. Gale and Ed Schutter. Following Mr. Schutter’s resignation from the Board in February 2017, Sylvie Tendler was appointed to the Audit Committee. The Audit Committee met five times with respect to the 2016 financial year. The primary responsibilities of the Audit Committee are to review and monitor the Corporation’s accounting policies and financial controls, its financial statement presentation, the Corporation’s ongoing financial disclosure and the Corporation’s principal business risks. The members of the Audit Committee confer with Ernst & Young LLP, the Corporation’s external auditors, as they believe is appropriate in the course of a given year. National Instrument 58-101 - *Disclosure of Corporate Governance Practices* ("NI 58-101") and National Policy 58-201 - *Corporate Governance Guidelines* ("NP 58-201") which require that the Corporation disclose information about its corporate governance practices. The Corporation is also complying with the provisions of National Instrument 52-110 - *Audit Committees* ("NI 52-110"), as discussed under "Audit Committee Information" above.

Disclosure Requirements under Regulation 58-101

1) Board of Directors

a) Disclose the identity of directors who are independent.

The Board of Directors (the "Board") has reviewed the independence of each director as defined in NI 58-101. A director who is independent has no direct or indirect material relationship with the Corporation, including a relationship which in the view of the Board could reasonably interfere with the director's exercise of independent judgment. After having reviewed the role and relationships of each director, the Board has determined that the majority of the directors nominated by management for election to the Board are independent, namely:

James C. Gale
Sarit Assouline
Robert N. Lande
Sylvie Tendler

b) Disclose the identity of directors who are not independent, and describe the basis for that determination.

The Board has determined, after reviewing the role and relationships of each director, that the following directors nominated by management for election are not independent, namely:

Jonathan Ross Goodman, CEO, on the basis that he is an executive officer of the Corporation.

Samira Sakhia, President, on the basis that she is an executive officer of the Corporation.

Meir Jakobsohn, Director, on the basis that he has a material relationship with the Corporation by virtue of the Corporation's strategic partnership and reciprocal investment with Medison.

If the independent directors hold such meetings, disclose the number of meetings held since the beginning of the issuer's most recently completed financial year. If the independent directors do not hold such meetings, describe what the Board does to facilitate open and candid discussion among its independent directors.**

The Board is of the view that appropriate structures and procedures are in place to ensure that it can function independently of the management. Independent directors have the ability to meet in the absence of members of management to the extent they deem appropriate. The independent directors met in the absence of members of management, on a formal basis, two times with respect to the financial year 2016.

- f) Disclose whether or not the Chair of the Board is an independent director. If the Board has a chair or lead director who is an independent director, disclose the identity of the independent chair or lead director, and describe his or her role and responsibilities. If the Board has neither a chair that is independent nor a lead director that is independent, describe what the Board does to provide leadership for its independent directors.**

Mr. Gale acts as Chairman of the Board and is an independent Director.

⁽³⁾ Mr. Schutter resigned on February 14, 2017. He did not attend two meetings prior to his resignation due to a possible conflict of interest

2) Board Mandate

- a) **Disclose the text of the Board’s written mandate. If the Board does not have a written mandate, describe how the Board delineates its role and responsibilities.**

The Board has the overall responsibility for the strategic planning and general management of the business and affairs of the Corporation. In fulfilling its responsibilities, the Board is responsible for, among other things:

The Board discharges its responsibilities directly and through committees of the Board which have specific areas of responsibility. In addition to these matters, management is required to seek Board approval for major transactions including those that involve strategic investments, as well as capital and operating expenditures exceeding a certain threshold of materiality. The frequency of meetings, as well as the nature of items discussed, depends upon the opportunities or risks which the Corporation faces.

3) Position Descriptions

- a) **Disclose whether or not the Board has developed written position descriptions for the Chair and the Chair of each Board committee. - ii) **the nature and operation of the issuer's business**

Nominees for the Board are selected based on their experience in business management and corporate governance and with a particular emphasis on potential nominees who have special expertise in an area of strategic interest to the Corporation. New directors are oriented to the business and affairs of the Corporation as well as to the role of the Board, its committees and its directors through discussions with management and other directors and through periodic presentations from management on major business, industry and competitive issues. In addition, at each quarterly Board meeting, directors have the opportunity to hear presentations by management on various topics concerning the Corporation's operations.

b) **Briefly describe what measures, if any, the Board takes to provide continuing education for its directors. If the Board does not provide continuing education, describe how the Board ensures that its directors maintain the skill and knowledge necessary to meet their obligations as directors.**

A member of management is not permitted to negotiate transactions where he or she may have a material interest, either actual or perceived. Should a Board member have a conflict, actual or perceived, he or she may not vote on the transaction or agreement presented.

c) **Describe any other steps the Board takes to encourage and promote a culture of ethical business conduct.**

The promotion of a culture of integrity is part of the Board mandate. The Board requires that all officers have a special duty to uphold the Corporation's reputation for integrity, honesty and ethical conduct by setting an example of compliance and by creating a work environment that encourages ethical behavior. Furthermore, one of the principal duties of the President and CEO in his position description is to "promote a corporate culture that fosters a corporate culture that promotes ethical practices and encourages individual integrity".

The Board has adopted whistleblower procedures which allow employees to raise concerns regarding accounting, internal accounting controls or auditing matters on a confidential and anonymous basis. The complaints are forwarded directly to the Chair of the Audit Committee.

6) Nomination of Directors

a) Describe the process by which the Board identifies new candidates for Board nomination.

The CCGNC objectively considers the independence of candidates, their financial acumen, competencies and other skills and the time which candidates have available to devote to the duties of the Board of Directors in making their recommendations for nomination to the Board.

The CCGNC is responsible for reviewing and recommending a plan of succession for the Corporation's senior management. The CCGNC is also responsible for setting and reviewing the compensation paid to the directors and for evaluating each director's contribution to the performance of the Board. The Corporation has not used the services of a consultant or a specialized compensation advisor to help establish the Corporation's executive compensation or any other compensation related services during the financial year ended December 31, 2016.

While the Board has not implemented a formal process for evaluating its performance or the performance of individual Directors, the Board informally reviews its role on an ongoing basis. In addition, the Directors are encouraged to discuss any issues and to raise specific matters with the Chairman or with each other. To this end, certain Board members hold *in camera* meetings to discuss the effectiveness and contribution of the other directors.

The Board believes that its informal performance review process sufficiently monitors the effectiveness and contribution of the Board, its committees and individual directors. No specific matters were raised during the financial year ended December 31, 2016.

12) Consideration of the Representation of Women in the Director Identification and Selection Process

- a) **Disclose whether and, if so, how the Board or nominating committee considers the level of representation of women on the Board in identifying and nominating candidates for election or re- election to the Board.
